- d. Handicap calculations // Will be process by the website
  - The low 2 of last 4 league adjusted scores will dictate handicaps, rounded down to a whole number.
  - Golfers with less than 4 league scores handicaps will build to best 2 of 4 (1 of 2, 1 of 3).
  - See webpage scores and handicap page to see rosters & handicaps.
  - New Players - golfers without a registered score in our league, or who did not record a score in our league last year, will have their handicap set to their first league score. But will be "bumped" 3 strokes on their adjusted score to equalize the playing field with established players.
  - First week net score will automatically be at least a 39.
  - Gross vs Adjusted Scores - handicap stroke reduction policy (for determining handicaps only).
